

Tetracycline HCl Capsules 250 mg and 500 mg

Date: 4/16/2020

At Magellan Rx Management, we want to help you get the best possible care. We have created a site to share drug recall information.

Avet Pharmaceuticals has posted a lot recall of Tetracycline HCl capsules.

About this Recall:

Avet Pharmaceuticals Inc. is initiating a voluntary recall of 8 lots of Tetracycline HCl Capsules USP, 250 mg and 500 mg, 100-count bottles to the consumer/user level. A list of impacted lots is available at the FDA Recall Notification website below.

What this means to you:

Avet is notifying its distributors and customers and is arranging for the return of all recalled products. Consumers should contact their doctor for further guidance and potential change of treatment before they stop taking this drug product.

Consumers with questions regarding this recall should contact Qualanex at 1-888-424-4341 Monday – Friday, 8:00 am – 5:00 pm, EST or via email at recall@qualanex.com. Consumers should contact their physician or healthcare provider if they have experienced any problems that may be related to taking or using this drug product.
